UNEP Meeting of experts designated by Governments, Intergovernmental and Non-Governmental Organizations on the Ozone Layer

Washington, D.C., 1-9 March 1977

ICSU ACTIVITIES IN THE FIELD OF STRATOSPHERIC OZONE INCLUDING POSSIBLE GEOPHYSICAL AND BIOLOGICAL CONSEQUENCES OF OZONE DEPLETION--SUMMARY

ICSU has been active in this field of stratospheric ozone research since 1930. Some of the constituent bodies and present activities are described. The principal work is undertaken within the IUGG and IUBS Scientific Union and the COSPAR and SCOPE Scientific Committees.

Some ICSU Action Proposals are contained in Appendix 3.
